I. Welcome.

II. Issue Action Plan. Team members agreed that in order to approach funders, case study/success stories are needed. Peg will ask her organization to provide stories for use by Team members.

Team members discussed recent and upcoming connections to faith-based and community organization leaders regarding ArizonaSERVES. These new connections believe that a Summit is a good idea so long as Summit attendees are given specific steps for positive impact. It is also viewed that follow up after the event is key to the long term success of the Summit.

III. Summit Planning. Team members will take the lead on developing and facilitating the “Child Care” breakout session at the upcoming ArizonaSERVES Summit. This will also include recruiting and highlighting community solutions, and ensuring appropriate representation from Child Care Providers. Team members will discuss roles and responsibilities as outlined in the Summit Breakout Session Overview.

IV. Upcoming Task Force Meeting. Next Task Force meeting is June 17, 2011.

V. Call to the Public: No public members were present.

VI. Adjourn.
